Dear all,

Greetings from Türkiye.

Turkish Technician's Libyan CAA Approval certificate will expire on May 28, 2026.

We have ongoing Maintenance Operations at our facilities for 5A-ONQ registered aircraft.

Furthermore, 5A-GRS registered Aircraft is scheduled to arrive at our facilities for base maintenance services.

As the audit and subsequent processes are ongoing, our authorization is likely to expire, potentially causing disruptions to our planned and ongoing maintenance services.

In light of this situation, we respectfully request that you consider granting an extension to our current authorization until the renewal process is finalized.

Your kind and prompt response is highly appreciated.

Best regards,

Mustafa Remzi OKUR
